as the center of capitalism in china shanghai banking provides a unique perspective for assessing the impact of the changes from financial capitalism to socialist planning banking in the early 1950s and for evaluating the reform of china s banking system since the 1980s this book offers a comprehensive history of shanghai banking and capital markets from 1842 to 1952 and illustrates the non financial elements that contributed to the revolutionary social and financial changes since the 1950s as well as financial experiences that are significant to china s economic development today the book describes the rise and fall of china s traditional native banks the establishment of foreign banks and the creation of modern state banks while focusing on the colorful world of banking finance and international relations in modern shanghai it assesses the chinese government s intervention in banking and finance during the qing dynasty and the republican era as well as

the concept of state capitalism after the establishment of the people's republic the author examines various modern style chinese banks through fascinating stories of shanghai bankers in addition she provides detailed coverage of market oriented international trade banking associations the conflicts between state and society the government involvement in business the management of foreign exchange joint venture banks wartime banking and finance hyperinflation corruption and banking nationalization

as china emerges as a global powerhouse this title examines its economic past and the shaping of its financial institutions

this is the first book to document in english the evolution of modern chinese banking from the establishment in 1897 of the first chinese bank along a western model to the abrupt interruption of professional banking by the japanese invasion in 1937 drawing from original documents of major chinese banks linsun cheng explains how and why the banks were able despite a succession of foreign and domestic crises to grow into viable and self sustaining institutions in china rich with new unpublished historical details this book offers an original comprehensive narrative of the origins and growth of professional banks

bringing a vast amount of material to a western audience for the first time this book provides a detailed systematic micro level analysis of the historical development of the chinese banking industry analyzing the key issues in the development of the bank of china in the period 1905 to 1949

between 1949 and 1997 hong kong transformed from a struggling british colonial outpost into a global financial capital made in hong kong delivers a new narrative of this metamorphosis revealing hong kong both as a critical engine in the expansion and remaking of postwar global capitalism and as the linchpin of sino u s trade since the 1970s peter e hamilton explores the role of an overlooked transnational chinese elite who fled to hong kong amid war and revolution despite losing material possessions these industrialists bankers academics and other professionals retained crucial connections to the united states they used these relationships to enmesh themselves and hong kong with the u s through commercial ties and higher education by the 1960s hong kong had become a manufacturing powerhouse supplying american consumers and by the 1970s it was the world's largest sender of foreign students to american colleges and universities hong kong's reorientation toward u s international leadership enabled its transplanted chinese elites to benefit from expanding american influence in asia and positioned them to act as shepherds to china's reengagement with global capitalism after china's reforms accelerated under deng xiaoping hong kong became a crucial node for china's export driven development connecting chinese labor with the u s market analyzing untapped archival sources from around the world this book demonstrates why we cannot understand postwar globalization china's economic rise or today's sino u s trade relationship without centering hong kong

in the final decades of the manchu qing dynasty in china technologies such as the phonograph telephone telegraph and photography were both new and foreign in the stone and the wireless shaoling ma analyzes diplomatic diaries early science fiction feminist poetry photography telegrams and other archival texts and shows how writers intellectuals reformers and revolutionaries theorized what media does despite lacking a vocabulary to do so media defines the dynamics between technologies and their social or cultural forms between devices or communicative processes and their representations in texts and images more than simply reexamining late qing china s political upheavals and modernizing energies through the lens of media ma shows that a new culture of mediation was helping to shape the very distinctions between politics gender dynamics economics and science and technology ma contends that mediation lies not only at the heart of chinese media history but of media history writ large

chinese historiography of the last forty years 1978 2018 is an edited volume in which the chinese historians review the research achievements of the study of history in china in the past 40 years since the reform and opening up in 1978 and create an overview of the academic prospects and trends in its entirety this volume encompasses chinese archaeology ancient chinese history and modern chinese history as well as some thematic studies such as local history ethnic history frontier history historical geography economic history social history ideological and cultural history historiography historical theory urban history religious history world history and the history of world war ii the authors of the volume are leading scholars in each branch of history studies it provides the readers with an accessible and valuable reference in studying history particularly the history of china and east asia this book gives a comprehensive review on the study of history it covers a general description of the study of history as well as other philosophical and social sciences in china which have benefited from rapid progress in every cause under the system of socialism with chinese characteristics and the development of the national economy it is an innovation in the study of world history in accordance with principles of historical materialism and seeking truth from facts researchers engaging in world history studies should take on the responsibilities of grasping the significant events that impacted world history and comprehending the comprehensive development of world history from the relations between these events and the world china s peaceful rise and its growing widening connections with the world require to focus on world history in historical studies to construct a more inclusive discipline of world history

financial crises happen time and again in post industrial economies and they are extraordinarily damaging building on insights gleaned from many years of work in the banking industry and drawing on a vast trove of data richard vague argues that such crises follow a pattern that makes them both predictable and avoidable a brief history of doom examines a series of major crises over the past 200 years in the united states great britain germany france japan and china including the great depression and the economic meltdown of 2008 vague demonstrates that the over accumulation of private debt does a better job than any other variable of

explaining and predicting financial crises in a series of clear and gripping chapters he shows that in each case the rapid growth of loans produced widespread overcapacity which then led to the spread of bad loans and bank failures this cycle according to vague is the essence of financial crises and the script they invariably follow the story of financial crisis is fundamentally the story of private debt and runaway lending convinced that we have it within our power to break the cycle vague provides the tools to enable politicians bankers and private citizens to recognize and respond to the danger signs before it begins again
