consumer behaviour is an exciting new european text written in student friendly language and designed specifically around how students learn using their considerably experience martin evans ahmad jamal and gordon foxall present a concise exploration of the key aspects of the consumer behaviour in a lively but rigorous manner they also include topical issues such as consumer misbehaviour and the growing trend within marketing to attempt to understand consumers through an ever expanding range of personalised transactional and profile data

the massive growth of the internet has made an enormous amount of information available to us however it is becoming very difficult for users to acquire an applicable one therefore some techniques such as information filtering have been introduced to address this issue recommender systems filter information that is useful to a user from a large amount of information many e-commerce sites use recommender systems to filter specific information that users want out of an overload of information 2 for example amazon.com is a good example of the success of recommender systems 1 over the past several years a considerable amount of research has been conducted on recommendation systems in general the usefulness of the recommendation is measured based on its accuracy 3 although a high recommendation accuracy can indicate a user's favorite items there is a fault in that only similar items will be recommended several studies have reported that users might not be satisfied with a recommendation even though it exhibits high recommendation accuracy 4 for this reason we consider that a recommendation having only accuracy is satisfactory the serendipity of a recommendation is an important element when considering a user's long term profits a recommendation that brings serendipity to users would solve the problem of user weariness and would lead to exploitation of users' tastes the viewpoint of the diversity of the recommendation as well as its accuracy should be required for future recommender systems

a kirkus reviews best nonfiction book of the year neave book prize shortlist al qaeda did not stop after 9 11 its reign of terror continued with bombings and mayhem across europe africa asia and the middle east but its frustration grew as the group failed to fundamentally undermine america and its allies five years later the time was ripe for another spectacular mega plot fresh from masterminding the london underground carnage one veteran operative set in motion a new operation to destroy passenger aircraft over the atlantic ocean and kill thousands of people in the process disruption tells the story of that conspiracy and the heroic efforts by the intelligence services of the united states great britain and pakistan to uncover and crush it from the streets of london to the training camps of pakistan to the corridors of power in washington dc the story unfolds with murders double crosses probes jailbreaks and explosions former counterterrorism analyst aki j peritz brings the story to life with vivid imagery interviews with top intelligence officials and never before seen declassified documents disruption is the not to be missed account of the race to stop a terrorist conspiracy that would have remade our world forever

in times of peace as well as conflict humor has served algerians as a tool of both unification and division humor has also assisted algerians of various backgrounds and ideological leanings with engaging critically in power struggles throughout the country s contemporary history by analyzing comedic discourse in various forms including plays jokes and cartoons humor and power in algeria 1920 to 2021 demonstrates the globally informed and creative ways that civilians have made sense of moments of victory and loss through humor using oral interviews and media archives in arabic french and tamazight elizabeth m perego expands on theoretical debates about humor as a tool of resistance and explores the importance of humor as an instrument of war peace and social memory as well as a source for retracing volatile contested pasts humor and power in algeria 1920 to 2021 reveals how algerians have harnessed humor to express competing visions for unity in a divided colonial society to channel and process emotions surrounding a brutal war of decolonization and the forging of a new nation and to demonstrate resilience in the face of a terrifying civil conflict

gap junction mediated intercellular signalling in health and disease chairman norton b gilula 1999 the last few years have seen considerable progress in this field and exciting new implications concerning the roles of gap junctional intercellular communication are being raised it is clear that good communication is essential for normal embryonic development and

function in adult organs although the individual functions of the proteins that form channels connexins are not yet fully understood it is an exciting time in the gap junction field because the associations between failures in gap junction communication and resultant diseases are beginning to emerge for example mutations in the major connexin of the heart c 43 have been found in human patients suffering from viscerotaxial heterotaxia syndrome and mutations in the gene encoding c 32 have been found in patients suffering from charcot marie tooth disease this book is the first of its kind to highlight the recent progress in understanding gap junction structure and discuss the specific roles of individual connexins it brings together an interdisciplinary group of experts who review the role of gap junctions in the heart the retina and lens the auditory system the reproductive system and cell proliferation and cancer it will appeal to all those interested in cell biology embryonic development neurobiology cardiology gynaecology and oncology

this is the first edition of the olympic factbook that is exclusively devoted to those games played in warm weather or indoors the factbook profiles the athletes to watch in 1996 and additionally reports on athletes who have passed into olympic legend the factbook is one convenient reference source to turn to before during or after the competitions or whenever you feel like looking up the facts

over the years the belief system around self sacrifice has become key to understanding the middle east and its political relationships with the west although much of the literature and conversation has been restricted to modern concepts of jihadism the recent spate of scholarship relating to suicide bombers and jihadists studies these concepts without a broader understanding of the principle of martyrdom this book expands on the chronology of self sacrifice within islam and contextualises the use of suicide bombings using details of the rise of martyrdom in places such as iraq lebanon chechnya and pakistan it historicises the background in which jihad has been glorified while also exploring contemporary methods of recruitment like the use of the internet the authors pay close attention to the different sects and factions of islam and the differing interpretations of jihad that accompany these ideologies in the current political climate a book that explores martyrdom within the framework of historical perspectives geographical regions and the influence of outside cultures is essential

the global studies series is designed to provide comprehensive background information and selected world press articles on the regions and countries of the world global studies middle east

provides an introduction to the status and problems of the middle east through essays statistics current world press readings and a listing of related world wide sites
